

South Moonlight Road/I-35 Bridge Replacement

Johnson County

Additional information is also available on the project webpage at: ike.ksdot.gov/south-moonlight-road

Winter 2023

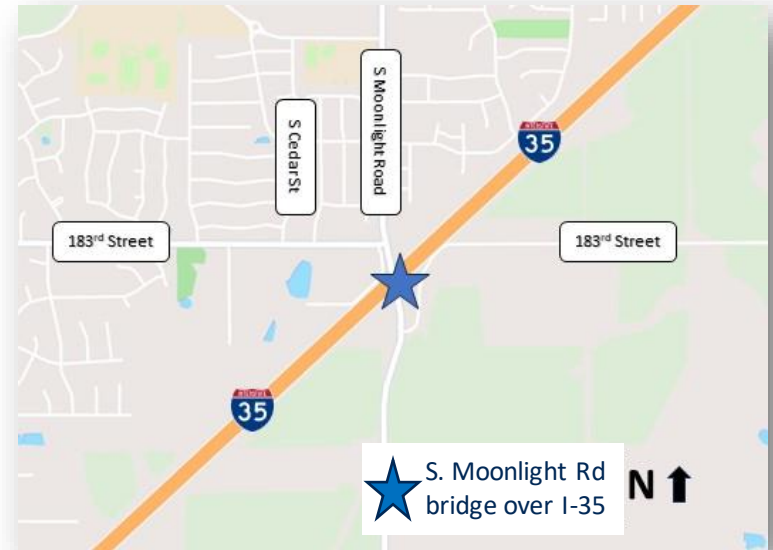

PROJECT OVERVIEW

The Kansas Department of Transportation (KDOT) is completing preliminary design of a bridge replacement project along South Moonlight Road over I-35 and the realignment of 183rd Street in Johnson County.

Replacement of the existing bridge is necessary, as the structure is past its useful design life. Additional benefits of the project are reducing future maintenance needs, enhancing safety and allowing connectivity from South Moonlight Road to a nearby paved shared-use path to carry bicyclists and pedestrians over the bridge.

The project will connect to a nearby paved shared use path in southeast Gardner to carry cyclists and pedestrians across the new bridge.

Project information will be available on the project webpage and opportunity to comment will be open online through December 14, 2023.

Project Location

i AT-A-GLANCE

Cost Estimate	\$10.5 million
Scope	South Moonlight Road over I-35 bridge replacement and 183 rd Street realignment
Status	Preliminary Design
