**Administrative Modification #2  
(as of 12/24/2024) to the  
Kansas FFY 2025-2028 STIP**

---

The attached administrative modification to the Kansas FFY 2025-2028 Statewide Improvement Program (STIP) updates the Federal Lands & Tribal Transportation Programs and Metropolitan Transportation Improvement Programs narrative sections of the STIP.

The Federal Lands & Tribal Transportation Programs narrative was updated with a revised link and updated project list for the Federal Lands TIP 2025-2028 and for the Tribal Lands TIP 2024-2028. Additionally, the Metropolitan Transportation Improvement Programs narrative was updated to include the most recent TIP information for the Lawrence-Douglas County Metropolitan Planning Organization (L-DC MPO).

# Federal Lands & Tribal Transportation

---

## FEDERAL LANDS & TRIBAL TRANSPORTATION PROGRAMS

---

The Office of Federal Lands Highway (FLH) administers a coordinated program of federal public roads and bridges, to protect and enhance our Nation's natural resources, and to provide needed transportation access for Native Americans. FLH was established in 1983 and functions to provide apportioned and allocated funding resources, as well as technical engineering services, for transportation needs of both the Federal and Tribal lands.

Under the current transportation act, the Bipartisan Infrastructure Law (BIL), the three core programs- the Federal Lands Transportation Program (FLTP), the Federal Lands Access Program (FLAP) and the Tribal Transportation Program (TTP)- continue ensuring that all federally owned public roads and tribal transportation facilities are treated under uniform policies in a manner similar to those in effect for federal-aid highways and other public transportation and transportation related facilities. The Nationally Significant Federal Lands and Tribal Projects (NSFLTP) program established under the FAST Act is continued, with some minor changes in requirements, under BIL with approximately \$220 million in funds for FFY 2023-2026. Project size requirement for eligible projects has been reduced from \$25 million to \$12.5 million and federal share

for Tribal projects has increased to 100 percent. Federal Lands projects may now use U.S.C. Title 23 and Title 49 funds for the non-federal share. The goal of the program remains unchanged: to provide funding for nationally significant construction, reconstruction, and rehabilitation projects on Federal or Tribal lands. Additionally, the split of projects selected must be equal between Tribal and Federal lands projects. Further, at least one Federal lands project undertaken must be selected in a portion of the National Park System that receives 3 million or more visitors each year.

Only minor changes were made in BIL to the FLTP, with most of the changes made to the program in the FAST Act left largely intact. The FLTP program remains funded with a mix of allocated and competitive funding. Prior to the distribution of funds, 20 percent (up from 5 percent under the FAST Act) of the combined FLTP and FLAP program funding is set aside for transportation planning and related functions associated with the Tribal and Federal land management agencies. As in the FAST Act, under BIL, designated agencies continue to receive funding in apportioned amounts. For 2023-2026 the apportioned funding is distributed in the following manner, \$1.399 billion is apportioned to the National Park Service, \$106 million

---

is allotted to the United States Department of Agriculture (USDA) Forest Service; and \$180 million is reserved for the United States (US) Fish and Wildlife Service. Additionally, BIL further requires that each Federal agency eligible to compete for FLTP discretionary funds receive a minimum of \$7 million in each year of FFY 2023-2026. Funds remaining after the apportioned distributions will be awarded competitively among any qualifying agency. Funding is provided for several categories of FLTP projects that improve access within national forests and national recreational areas, as well as infrastructure owned by the Federal government. BIL, like the FAST Act, retains the core programs and eligibilities with the federal funding participation remaining 100 percent for all projects that provide access to or within Federal land.

The goals of the FLAP program remain unchanged with the focus of the program to improve access to infrastructures owned by states and local public authorities (LPAs). Under BIL, new eligibilities have been added for context-sensitive solutions, interpretive panels in or adjacent to parking areas, wayfinding markers, cooperative mitigation of visual blight, landscaping with an emphasis on native plants and designs that minimize water runoff and heat generation. Further, under BIL, the amount set aside for planning functions was increased from 5 percent to 20 percent of the combined annual FLTP and FLAP fund amounts, and the federal match was increased to 100 percent, eliminating the need for

states to provide a non-federal match to use the program funds. At this time, Kansas receives no FLAP funding and does not program any Federal lands projects. Instead, all projects within Federal lands in the state are selected and managed by the Central Federal Lands Division of the Office of Federal Lands.

The third core program, the Tribal Transportation Program (TTP), has had some key changes under BIL. The first change being the removal of the Tribal Transportation Bridge (TTB) program from the TTP. The tribal bridge projects are now funded as set-asides of both the Bridge Investment Program and the Bridge Formula Program. The TTB apportioned funding from the Bridge Investment Program is \$100 million in contract authority from the HTF and \$100 million in advance appropriations from the GF for FFY 2022-2026. Additionally, \$825 million is available in advance appropriations from the GF over FFY 2022-2026 from the Bridge Formula Program. Other significant provisions include \$45 million in contract authority for the Tribal High Priority Projects program and an increase in the Safety Fund set-aside from 2 percent to 4 percent.

### **Federal Lands Highway Projects**

A Federal Lands TIP is in place covering the years 2025-2028. In the 2025-2028 TIP, there are two projects planned or under construction in Kansas. When future updates are made to the Federal Lands TIP, the updated TIP will be

---

added to KDOT's STIP using the amendment/administrative modification process. The FLHP is administered by the Office of Federal Lands Highway, which is divided into three regions-Western, Central and Eastern. The Central Federal Lands Highway Division (CFLHD) is responsible for the administration of projects in Kansas. To learn more about the FLH projects and their programs, visit the website at the following link: <http://flh.fhwa.dot.gov/>. For information about the CFLHD and to view the TIP with Kansas projects visit the following link: [https://highways.dot.gov/sites/fhwa.dot.gov/files/CF\\_LHD-2025-2028-TIP-FI-NAL\\_11\\_6\\_24.pdf](https://highways.dot.gov/sites/fhwa.dot.gov/files/CF_LHD-2025-2028-TIP-FI-NAL_11_6_24.pdf). Additionally, following this program discussion is an excerpt of the current TIP for the CFLHD, listing the projects committed in Kansas.

### **Tribal Transportation Projects**

Four Tribal Nations have reservations contained or partially contained within the State of Kansas. These Nations receive federal funding for roads and bridges from the programs outlined above. The funds for the Tribal lands are administered jointly by the Bureau of Indian Affairs (BIA)-Division of Transportation and the Office of Federal Lands Highway. To learn more about the BIA, visit their website at the following link: <http://www.bia.gov/>. For more information about Tribal TTPs and upcoming projects, visit the following link for the TTIP in place for tribes in Kansas: <https://highways.dot.gov/federal-lands/tribal/planning/ttp-stip-kansas.pdf>.

Kansas tribes are part of the Southern Plains BIA region.

The four Tribal Nations in Kansas are:

***Prairie Band of Potawatomi Indians,  
located in Jackson County, Kansas***

***Kickapoo Nation of Kansas,  
located in Brown County, Kansas***

***Sac and Fox Nation of Missouri,  
located in Brown County, Kansas and  
Richardson County, Nebraska***

***Iowa Tribe of Kansas and Nebraska,  
located in Brown County, Kansas,  
Doniphan County, Kansas and  
Richardson County, Nebraska***

The 2024 TTIP covers the years 2024-2028 and is the most current TIP in place for the Tribal Nations in the State of Kansas. In the 2024 TTIP, Iowa Tribe of Kansas and Nebraska has 26 projects planned, Kickapoo Nation of Kansas has 28 projects planned, Prairie Band of Potawatomi Indians has 22 projects planned, and Sac and Fox Nation of Missouri has 12 projects planned. Following this discussion is the most recent TTIP project list in place for the Kansas Nations grouped by nation.

When updates are made throughout the year to the Tribal TIP(s), the updates will be integrated into KDOT's STIP via an administrative modification and the STIP amendment process.

# Tribal Transportation Improvement Program

## 2024 Project Detail Report

(STIP Design Construction Activities)

# Kansas

### TTPTIP Transportation Improvement Program (TTPTIP)

#### 25 CFR 170.424

*(a) Each year, FHWA will compile the approved TTIPs for all of the Tribes into one document called the TTPTIP. This document will identify all expected projects and activities over a four-year period and will be organized by fiscal year, State, and Tribe.*

*(b) FHWA and BIA will post the approved TTPTIP on their respective Web sites. A subset of the TTPTIP that identifies only design and construction activities will annually be provided to the pertinent FHWA Division office for further transmittal to each State Transportation Office/Department for inclusion in the STIP without further action per 23 U.S.C. 201(c)(4).*

*The TTPTIP is a financially constrained prioritized list of transportation projects and activities eligible for TTP funding covering a period of four years that is developed by BIA and FHWA based on each Tribe's submission of their TTIP or Tribal priority list. It is required for projects and activities to be eligible for funding under title 23 U.S.C. and title 49 U.S.C. chapter 53. The Secretary of Transportation reviews and approves the TTPTIP and distributes copies to each State for inclusion in their respective STIPs without further action.*

# Metropolitan Transportation Improvement Programs

---

## METROPOLITAN TRANSPORTATION IMPROVEMENT PROGRAMS

---

Under Title 23 of the United States Code pertaining to transportation, communities with population greater than 50,000 are required to have a Metropolitan Planning Organization (MPO). The MPOs are responsible for coordinating transportation planning efforts in their region. The six Kansas MPOs are: the Mid-America Regional Council (covers the bi-state Kansas City metropolitan area), the Lawrence-Douglas County Metropolitan Planning Organization, the Wichita Area Metropolitan Planning Organization, the Metropolitan Topeka Planning Organization, the Flint Hills Metropolitan Planning Organization (covers Manhattan, Ogden, Junction City, Wamego, St. George and Grandview Plaza), and the St. Joseph Area Transportation Study Organization (covers the bi-state area of the St. Joseph, Missouri metropolitan area including Elwood/Wathena, Kansas).

The planning process by the MPOs encompasses all modes of transportation and covers both short-range and long-range transportation planning. MPO plans and programs are reviewed and approved by the Federal Highway Administration and the Federal Transit Administration. The role of the MPO is to coordinate the transportation planning activities within their region. This includes serving as a liaison between local

communities, their citizens, and the state departments of transportation. MPOs help determine how and where available state and federal dollars for transportation improvements will be spent. As defined by federal and state transportation regulations, the primary functions of the MPO are to:

- Establish the goals, objectives and policies governing transportation planning in the region.
- Approve an annual Unified Planning Work Program (UPWP) and budget.
- Direct the preparation and adoption of the Metropolitan Transportation Plan (MTP) goals, objectives, and priorities.
- Program projects for implementation through the adoption of the Transportation Improvement Program (TIP).
- Dependent on attainment status: perform the air quality conformity determination for the TIP and MTP.

Projects within each MPO are incorporated in the Kansas STIP by reference of the TIP each MPO has in place. To view specific MPO project information and cost, follow the links provided below to each MPO TIP. In addi-

---

tion to TIP information, contact information and currently adopted MTP information is provided. As MPOs adopt new TIPs or MTPs, all new documents will be amended into the STIP using the amendment process.
